

TRAN MINH NGHIA

Product Designer | UI/UX Designer | Graphic Designer

+84 368097071 @ manghi1996@gmail.com Website LinkedIn Ho Chi Minh City

SUMMARY

Product Designer with over 3 years of specialized experience in UI/UX design and 1 year in graphic design. Transitioned from an engineering background into creative design, bringing a unique analytical mindset to problem-solving. Proven track record of delivering end-to-end products, with a strong focus on fintech solutions in recent roles. Adept at building comprehensive Design Systems to ensure brand consistency and scaling complex web-based CRM management systems.

EXPERIENCE

Product Designer - Team Lead - Admin

Hippo Technology - Katchy Bureau de Change

01/2024 - Present Ho Chi Minh City, Vietnam

Product & Design Leadership: Led end-to-end design initiatives from the company's inception across Fintech, Crypto Exchange, and Logistics sectors. Collaborated with POs, Stakeholders, and Dev teams in an Agile environment to align design solutions with business goals.

Design Systems & Brand Strategy: Built and maintained comprehensive Design Systems and visual brand identities for an ecosystem of products (Katchy, PayAny, Hippo Supply Chain, ZebraLinks, etc.), ensuring cross-platform consistency and scalability.

End-to-End UX/UI Execution: Delivered intuitive Web and Mobile experiences by executing user flows, wireframes, high-fidelity prototypes, and user testing.

AI Integration: Applied modern AI tools to accelerate design UI, UX research, document analysis, and feature brainstorming, significantly streamlining the early discovery phase.

UI/UX Designer

ITC Group

09/2022 - 11/2022 Ho Chi Minh City, Vietnam

Internal Brand & Product UI Design: Partnered with the product team to conceptualize and design a cohesive brand identity and internal UI for the company's insurance product line.

Enterprise CRM (IZlon24): Designed user interfaces for an external CRM management system and the IZlon24 App, optimizing complex workflows for both internal teams and external client usability.

Cross-functional Collaboration: Worked closely with Business Analysts (BAs) and Quality Assurance (QA) teams to align and refine Business Requirement Documents (BRDs) and test cases, ensuring high design precision during development.

UI Designer

TTM68 Network

04/2022 - 06/2022 Ho Chi Minh City, Vietnam

Web & Brand Redesign (MKLabs): Spearheaded the visual redesign of the company's internal NFT game platform (MKLabs), including brand logo refresh, visual layout enhancement, and wireframing.

Visual & Layout Enhancement: Transformed complex Web3/NFT concepts into intuitive wireframes and modern visual interfaces, improving user navigation and engagement.

Web Designer

WOWCNS Vietnam

11/2021 - 01/2022 Ho Chi Minh City, Vietnam

Cross-Platform UI Design: Designed responsive Web and Mobile user interfaces focused on clean aesthetic appeal and functional user experience.

Front-End Development Support: Collaborated directly with Front-End Developers to adjust, fine-tune, and inspect HTML/CSS files, ensuring pixel-perfect implementation of designs.

EXPERIENCE

Graphic Designer

4Bros Media

📅 12/2020 - 10/2021 📍 Ho Chi Minh City, Vietnam

Print-on-Demand (POD) Design: Designed custom graphics, apparel typography, and personalized artwork for print-on-demand products, including merchandise, apparel, and giftware.

Pre-press & Production Specs: Prepared print-ready files, managing color profiles, image resolution, and layout scale to ensure high-quality output across various printing techniques.

Trend Research & Asset Creation: Researched market trends and consumer preferences to create scalable visual assets and digital mockups for promotional and e-commerce displays.
